Description

WARNING: This game could get you... grounded for life! In this family card game, you compete to make the funniest (or wildest!) sentence. What Do You Meme?® took this super popular game play and made it for families! In this game, a rotating judge picks a Blue Card from the deck, then they read the Blue Card out loud to all the players and then place it on the table so everyone can see it. Each player (except the judge) decides which of their 10 Red Cards makes the funniest pair with the Blue Card in play. Once the judge has a Red Card from each player, the judge then selects the funniest Red Card to go with the Blue Card. Grounded For Life is the Toy Insider 2020 Top Holiday Toys Winner!
