LOT 4477H - Span America Risk Manager Bedside Safety Mat – XL Version 36" Wide Grey

The advertisement features a large image of the Risk Manager Bedside Safety Mat, a grey rectangular mat, positioned next to a hospital bed. A smaller inset image in the top left shows the mat's folded edge. A circular inset in the bottom left shows a close-up of the mat's textured surface with four white dots. The text 'Risk Manager Bedside Safety Mat' is prominently displayed in the upper right. Below this, the '5-Way Protection' section lists key features: impact-reducing gel, textured top for slipping, slide-resistant bottom, and fire-resistance. A 'PLUS' section highlights the mat's infusion with nano-silver. A small text box at the bottom left mentions independent documentation of impact reduction.

Risk Manager
Bedside Safety Mat

5-Way Protection:

- **Impact-reducing**, proprietary elastomeric gel
- **Textured top** helps reduce slipping
- **Slide-resistant** bottom surface
- **Fire-resistant**, meets Cal TB 117

PLUS:
Infused with Nano-silver

Independently documented, superior impact reduction provides an extra measure of bedside protection for fragile, at-risk residents.
